Nr. 33/24 SP from 11.02.2008

### **CERTIFICATE**

The patient MOLDOVAN EMIL, 30 years old, with the address Reghin, Str. Iernuteni Nr.27/10; identity number 1780408261476, with the diagnosis of refractory anaemia, requires allogeneic bone marrow transplant.

Taking into account the lack of the HLA familiarly compatible donators, it is recommended a search of donors from the European banks of marrow and the carrying out of the transplant in one of the centers for transplants in Europe.

HEAD OF THE CLINIC  
Lecturer PhD. Benedek Istvan  
Hematologist Head Consultant  
Signature illegible

Seal of PhD. Benedek Istvan  
Hematologist Head Consultant,
